#### ATLANTIC AMERICAN REPORTS SECOND QUARTER RESULTS

- · Net income for the three month period ended June 30, 2018 increased to \$3.2 million as compared to \$1.5 million in the comparable period in 2017
- Insurance premiums increased to \$42.8 million, or 6.8%, compared to \$40.1 million for the three month periods ended June 30, 2018 and 2017, respectively

ATLANTA, Georgia, August 14, 2018 - Atlantic American Corporation (Nasdaq- AAME) today reported net income for the three month period ended June 30, 2018 of \$3.2 million, or \$0.15 per share, as compared to \$1.5 million, or \$0.07 per share, for the comparable period of 2017. For the six month period ended June 30, 2018 the company reported a net loss of \$1.8 million, or \$0.10 per share, compared to net income of \$1.2 million, or \$0.05 per share, in the comparable period of 2017. The increase in net income during the second quarter of 2018 was primarily due to the impact of an accounting standard adopted January 1, 2018. This accounting standard requires changes in the fair value of investments in equity securities to be reported in net income on the statement of operations, which resulted in a \$4.1 million impact in the 2018 period. Under previous accounting guidelines, and as reported for the 2017 periods, such changes were recognized in other comprehensive income on the balance sheet. The net loss for the six month period ended June 30, 2018 was primarily a result of operating losses in the life and health operation.

Total revenues for the three month period ended June 30, 2018 were \$49.4 million as compared to \$43.6 million for the three month period ended June 30, 2017. Unrealized gains on equity securities and an increase in insurance premiums were the most significant contributors to the increase in total revenues. Insurance premiums during the three month period ended June 30, 2018 increased \$2.7 million, or 6.8%, from the comparable 2017 period, primarily the result of an increase in Medicare supplement premium in the Company's life and health operation. For the six month period ended June 30, 2018, revenues were \$90.0 million, increasing 2.8% from the comparable 2017 period revenues of \$87.5 million, also primarily as a result of an increase in Medicare supplement premium revenues. Insurance premiums during the six month period ended June 30, 2018 of \$85.0 million increased 5.1% from the comparable 2017 period amount of \$80.9 million.

Commenting on the quarter, Hilton H. Howell, Jr., chairman, president and chief executive officer, stated, "Bankers Fidelity's continued growth not only demonstrates elevated sales activity but serves as testament to the vital relationships and brand loyalty we have cultivated with our insurance producers. While we continue to enjoy net premium growth in the life and health operation our focus remains on judicious management of the quality of our business, further diversifying our product portfolio and improving operating results. The property and casualty operation continues to perform exceptionally well and we are pleased to report American Southern ended the first six months of 2018 with an increase in premium income over the comparable period of 2017."

Atlantic American is an insurance holding company involved through its subsidiary companies in specialty markets of the life, health, and property and casualty insurance industries.
